 - 2) Write up on OO Concepts and Appendix
 - 3) UML Class Diagram (Image)
 - 4) UML Sequence Diagram (Image)
 - 5) Test Cases
- 3) UML Class Diagram (PDF) -> Clearer version
- 4) UML Sequence Diagram (PDF) -> Clearer version
- 5) Javadoc HTML folder – folder consisting of documentation of Javadoc
- 6) RRPSS Implementation Codes folder

How to use:

- 1) Create a new project in eclipse.
- 2) Create 4 new packages restaurant_application, restaurant_database, restaurant_entity, restaurant_manager and import respective java files into the packages.
- 3) Load in database text files from Text File Databases folder into the Project.
- 4) Main Code runs from RRPSSApp. (Database loaded in should be able to be seen)
